Results of Zoning and Building Questions

(Voted by Written Ballot)

ARTICLE 4: Are you in favor of the adoption of the following amendments to the Zoning and Building Code of the Town of Kingston, New Hampshire, as adopted at the Annual Town Meeting held on March 14, 1978 and Amended March 13, 1979 and March 11, 1980, as proposed by the Planning Board:

I. Amend Article III, Section 3.10 by adding:

5. Wetlands Conservation District

II. Amend Article IV by adding:

4.60 Wetlands Conservation District

4.61 Purpose

In the interest of public health, convenience, safety and welfare, this ordinance is intended to guide the use of wetland areas which are defined and delineated as poorly and very poorly drained soils.

a. To maintain the quality and level of the groundwater table and water re-charge areas for existing or potential water supplies.

b. To insure uses that can be safely and appropriately located in wetlands areas in order to prevent pollution of surface and groundwaters necessary to supply domestic water needs.

c. To prevent the Town from incurring unnecessary and excessive expenses to provide and maintain essential services and utilities which arise because of unwise use of wetlands.

d. To protect persons and property against the hazards of flood water inundation by assuring the continuation of the natural flow pattern of streams and other water courses within the Town and by preserving natural floodwater storage.

e. To protect presently existing natural wetland wildlife habitats.

4.62 Definition

a. The Wetlands Conservation District of Kingston shall consist of those areas within the Town which contain fresh water marshes, ponds and lakes, perennial streams and soils classified as poorly and very poorly drained as defined by the National Cooperative Soil Survey conducted by the U.S. Department of Agriculture Soil Conservation Service for the Town of Kingston through field mapping surveys completed n 1977 and published in the "Soil Survey Report of the Town of Kingston."

b. Where the Wetlands Conservation District is superimposed over another zoning district in the Town of Kingston, that district which is more restrictive shall govern.

4.63 Wetlands Conservation District Map

The Wetlands Conservation District as herein defined is shown on a map designated as "Town of Kingston Wetlands Conservation District" and is a supplement to the zoning map of the town. Wetland boundaries indicated on the zoning map supplement shall be determined from soil survey field sheets which show the results of the soil survey referenced in Section 4.62, and from the on-site soils investigation of a qualified soils scientist* when required. Soil survey field sheets are available from the U.S. Soil Conservation Service in Exeter, N.H., and are on file with the Planning Board, Town Clerk and Conservation Commission. The results of any on-site soils investigation will be on file with the Planning Board and Conservation Commission.

4.64 Appeal

In the event that an area is alleged to be incorrectly designated on the soil survey/field sheets, any person aggrieved by such a designation may present adequate evidence of such to the Planning Board. Adequate evidence shall include a written report of on-site soils investigation and analysis conducted by a qualified soils scientist.*

4.65 Permitted Uses

In designated wetland areas permitted uses are those which are compatible with the purposes specified in Section 4.61 of this ordinance and do not involve significant alteration of the wetland.

Such uses include:

a. Forestry - tree farming

b. Agriculture

c. Water impoundments and well supplies

d. Maintenance of existing drainage ways - streams, creeks or other paths of normal water runoff.

e. Wildlife refuge

f. Parks and such recreational uses which are consistent with the purpose and intent of Section 4.61

g. Conservation areas and nature trails

h. Open space as permitted by subdivision regulations and other sections of this ordinance.

4.66 Uses Permitted Subject to Review

a. Easements and Rights of Way

Streets, roads and other access ways and utility rights of way or easements may be permitted provided that evidence of the following be accepted by the appropriate Board:

1) The street, road, access way or utility right-of-way or easements are essential to the productive use of land not zoned under the provisions of this ordinance.

2) The street, road, access way or utility right-of-way or easement is so located and constructed as to minimize any detrimental impact of such uses upon the wetland.

3) Such location and construction be compatible with the intents and purposes of this ordinance.

b. Underlying Districts

In cases where the Wetlands Conservation District overlays another zoning district, the proposed use shall be permitted (providing said use is allowed in the underlying district) subject to review by the appropriate Board providing that:

1) Uses are consistent with the purpose and intent in Section 4.61.

2) The appropriate procedure for review as delineated in Section 4.67 be followed.

4.67 Procedure for Review

a. Building Permits for Individual Lots

Upon receiving a request for a building permit within the Wetlands Conservation District, the Board of Selectmen shall notify the Planning Board and Conservation Commission of said request. The Planning Board and Conservation Commission may submit a written report. If the Board of Selectmen determines from these reports that the proposed activity may have a significant negative impact on the wetlands as described in Section 4.61, they may request the applicant to submit a drainage report and calculations describing the extent of that impact.

b. Subdivisions

Any person who desires to subdivide land within the Wetlands Conservation District shall submit to the Planning Board, in addition to all other requirements stipulated in the Subdivision Regulations, five (5) copies (copies are given to the Board of Selectmen, Conservation Commission, Town Engineer, and two retained by the Planning Board) of a drainage report and calculations prepared by a Registered Professional Engineer describing the extent of impact on the wetlands. The topographic map should include soil typing according to Section 4.62 of this ordinance. The Board of Selectmen and Conservation Commission may submit a written report for consideration.

c. Issuance of Conditions

If after review of all submitted data the appropriate Board determines that the area on which the

proposed work is to be done is in conflict with Section 4.61 of this ordinance, the Board shall:

1) Grant preliminary approval subject to an order of conditions it deems necessary for compliance and subsequent final approval, or

2) deny the request and give the reason thereto.

d. The appropriate Board shall be entitled to review and regulate development proposals within one hundred (100) feet of a wetland when it is determined that such development may have a significant negative impact on the wetland not consistent with the purposes and intent of Section 4.61.

4.68 Special Exceptions

Special exceptions for the undertaking of a use not otherwise permitted in the Wetlands Conservation District, which may include erection of a structure, dredging, filling, draining or otherwise altering the surface configuration of the land, may be granted by the Board of Adjustment, if it can be shown that such proposed use will not conflict with the purpose and intent of Section 4.61. Proper evidence to this effect shall be submitted in writing to the Board of Adjustment and may be accompanied by the findings of a review of the Rockingham County Conservation District of the environmental effects of such proposed use upon the wetlands in question.

* Qualified Soil Scientist is a person qualified in soil classification who is recommended or approved by the Rockingham County Conservation District Board of Supervisors.

III. Amend Article II, Section 2.20:12 by deleting the existing definition and inserting:

The Moderator was challenged on his decision and he declared the amendment NOT passed on a standing "eye" vote.

ARTICLE 27 - It was voted, by voice vote, on a motion by Bettie C. Ouellette, to raise and appropriate the sum of $146.20 as an 8% increase in the salary of the Part-time Town Clerk, making the annual salary $1,973.70, plus statutory fees.

ARTICLE 28 - It was voted, by voice vote, on a motion by Bettie C. Ouellette, to raise and appropriate the sum of $360.00 as an 8% increase in the salary of the part-time Tax Collector, making the annual salary $4,860.00, plus statutory fees.

ARTICLE 29 - It was voted, by voice vote, on a motion by Sheila Briggs, to table this article regarding three weeks vacation after 10 yars of service to the Town.

ARTICLE 30 - It was voted, by voice vote, on a motion by Neil Parker, to allow the Selectmen to place all monies received by the Police Department (accident reports, firearms permits, fees and the sale of the old cruiser) into a Capital Reserve Fund for the future replacement of cruisers and radio equipment. RSA 265:19 (Supp) Generally 35."

ARTICLE 31 - It was voted, by voice vote, on a motion by Charles Hannagan, to appropriate and authorize the withdrawal of the sum of $1,000 from the Federal Revenue Sharing Fund as established under the provisions of the State and Local Assistance Act of 1972 "for adequate winter housing at the Kingston dog pound."

ARTICLE 32 - It was voted, as amended, by voice vote, to authorize and direct the Selectmen to *appoint a committee to study cable TV and hold a public hearing within 90 days and* to grant a cable television franchise upon such lawful conditions as they may require, to erect, install and *to include service to any house that applies for it within the Town of Kingston and* maintain in, under or over streets, highways and public ways of the Town, wires, cables and other electrical impulses all in accordance with and as allowed by RSA 53-C (Supp 1977).

The original motion was made by Brenda Beede. The first amendment, made by Chris Garvey to add: "approved recommendation of the cable TV committee" after the word "upon" did NOT pass by voice vote.

The second amendment was voted, by voice vote, and made by Kenneth F. Briggs, Jr. (underlined in minutes). The third amendment was voted, by voice vote, on a motion by Billy Gates (double underlined in minutes.) The vote came

after a motion by Stanley Wentzell "to move the question," was passed by voice vote.

ARTICLE 33 - It was voted, by voice vote, on a motion by Harry Carr, to authorize the withdrawal of the sum of $7,500.00 from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, for the purchase and installation of lighting equipment, consisting of 6 (six) ellipsoidal spotlights with lamps and wiring, 2 (two) portable dimmer modules, 6 (six) 2400-watt solid state dimmers and 1 (one) twenty-four channel, two scene pre-set remote controller, for the Town Hall.

ARTICLE 35 - It was voted, by voice vote, on a motion by Michael Priore, to raise and appropriate the sum of $1,203.00 to assist Rockingham County Community Action Program, Inc. These funds requested, in this instance being $1,203.00, are to be used for current operating expenses to enable Rockingham County Community Action Program, Inc. to continue providing services to the residents of the Town of Kingston at no cost to said residents.

ARTICLE 36 - It was voted, by voice vote, on a motion by Michael Priore, to budget $1,367.00 to assist Rockingham Child and Family Services, a private, non-profit organization. The amount of this request is based on services rendered to 31 residents of the Town of Kingston, during the period July 1, 1980 through June 30, 1981, inclusive. These residents used $3,740.00 worth of service, however, only $1,367.00 could be billed according to their ability to pay. We therefore request the minimum amount needed from the Town, in this instance being $1,367.00. These funds to be used for current operating expenses to enable Rockingham Child and Family Services to continue providing individual and family counseling for residents of the Town of Kingston whether or not said residents are able to pay.

To give the Selectmen authority to sell or transfer that portion of 17th street in Great Pond Park described above, which is unimproved, to said Leonard Hawkins for the purpose of joining his two properties described on tax map U4-232 and U4-237 containing lots #88, 89, 90, 91, 93, 94, 95 and 82 in section J and lots #1, 2, 3, 4, 5, 6 and 7 in section K into one deeded parcel. All costs involving surveying, marking, transferring and recording to be the burden of the purchaser.

Ordinance requiring permits for all electrical and plumbing work in Kingston, was *passed over* as there was no motion and no action taken.

(4) Members only shall sit at the finance table; Selectmen and other department heads shall appear to go over the budget with the Finance Committee and justify their budgets or money requests.

(5) Finance Committee shall set procedures for public participation at each meeting.

This Resolution was adopted, by a voice vote.

Second, introduced by Randall Kezar, as follows: Shall the citizens of Kingston ask members of the New Hampshire Congressional Delegation to support or co-sponsor a resolution in the U.S. Congress to:

Request the President of the United States to propose to the Soviet Union that the United States and the Soviet Union adopt a mutual freeze on the testing, production, and deployment of nuclear weapons and missiles and new aircraft designed to deliver nuclear weapons, with verification safeguards satisfactory to both countries.

This Resolution was NOT adopted, by voice vote. This vote was taken after a motion made by Norman Bower, "to move the question" was voted by voice vote.

Footnotes to Minutes of 1982 Town Meeting

Article 2. Legal opinion received March 16, 1982 from Town Counsel regarding amendment for the Moderator to appoint a 'Personnel Plan Committee":

"This amendment has absolutely nothing to do with Article 2 which is an appropriation article and therefore was improper because of subject matter.

"Under the provisions of New Hampshire Revised Statutes Annotated, Chapter 39, a Town Warrant must include the specific articles or subjects on which the town has the power to act. This warrant must be posted at least fourteen days before the Annual Town Meeting. There was no article in the town warrant to establish a committee to study and recommend to the Selectmen a personnel plan. Without that subject having been posted in the warrant, the amendment is illegal because proper notice is lacking.

"In addition, even if the article had been properly posted, the attempt to have the moderator appoint the committee is outside the statutory scope of a moderator's authority. The duties of a moderator are statutory in nature only and cannot be expanded. The duties of the moderator are contained in N.H. RSA 40:1 and N.H. RSA 40:4.

"Futher, an additional ground for declaring the amendment illegal is the fact that an attempt is being

made to divest the authority of the Selectmen to handle the prudential affairs of the town under the provisions of N.H. RSA 41:8. It is my opinion that personnel plans are the province of the Selectmen and not some committee."

Article 47. Legal opinion regarding "Finance Committee Resolution":

"The resolution regarding the Finance Committee procedures did not legally come before the meeting under Article 47. Once again, the subject matter of the Finance Committee procedures came before the Town Meeting for the first time at the Town Meeting and was not posted in the Town Warrant, contrary to the provisions of N.H. RSA Chapter 39.

"Further, that resolution attempts to set forth procedures to be allowed by the Town of Kingston in the future. Any matter which is going to set forth procedures or affect future matters of the town must be posted in advance. Putting it another way, any matter which is brought up under an article to transact any other business which may legally come before the meeting is limited in scope to such matters as a resolution thanking people for services rendered, etc. To allow any other type of resolution to come up under that article would be in violation of N.H. RSA 39 because the specific subject was not posted on the Town Warrant at least fourteen days before the Town Meeting. Any matter which will bind the town in the future must be posted in the warrant."

1982 REPORT

The year 1982 shows another increase of $21,499.00 in vehicle permit fees. This was largely due to a change in the State Law changing the millage rates used to compute the Town tax. A total of 718 dogs and 11 groups were licensed for 1982. I wish to thank Dick and Brenda Samoisette for their fine

cooperation. It is through our joint efforts that we were able to get 108 additional dogs licensed for the year 1981. Total increase in receipts was $891.10.

The following vital statistics were recorded in 1982: 46 Births, 41 Marriages and 23 Deaths, showing a decrease of 1, 21 and 6, respectively.

During 1982, 132 Voter Registrations were accepted, 4 name changes and 14 changes of party. Appreciation is expressed to the three Supervisors who show full cooperation at all times. There were four elections — Special State Senatorial Election in January, Town meeting in March, State Primary in September and State General Election in November. Absentee ballots issued for Jan. 59; March 82; Sept. 43; Nov. 85, for a total of 269. Thanks to the Moderator and all ballot clerks, counters and assistants who help me in all elections.

Starting December 6th Kingston was designated as one of the first six Towns to issue renewal decals for the State of N.H. - Motor Vehicle Division and this added service has been happily received since it saves time, travel, gas and uncertainties. We can only renew the same vehicle to the same person to the same plate. We have no new plates and we cannot do transfers.

In August, I presided at the Convention of the N.H. City and Town Clerks' Association, held at the Hilton Hotel, in Merrimack. Currently I am serving on the Executive Board of the Association with monthly meetings in Concord. I was also pleased to be a member of the Decals Issuance Study Committee.

I wish to express my deepest appreciation to my Deputy, Rochelle Ingersoll, and to my Office Clerk, Holly Ouellette, who are both fully trained to fill in for me in case of illness or emergency. Also, many thanks are extended to the Selectmen, Treasurer and all other Town Officers and committees for their complete cooperation.

In the Tax Department the Warrant for 1982 shows another increase of $189,282.08. As of 12/31/82, 84% of this Warrant was collected. Total Resident Taxes for 1982 were 3027, an increase of 65. The balance of the unredeemed taxes is $63,844.42 which is $19,253.13 higher than the year before, indicating the economic conditions of the country.

One of the most pleasant things of the year was the Dutch Treat Holiday Party held on December 17th at the Exeter Inn for all Town employees as well as anyone serving on any Town committee, and their guests. 130 people attended on a very short notice and it was a huge success. Thanks to everyone for a great evening. I'm now looking forward to making this an Annual event, but some help will be needed.

Again, many thanks for the continued support from ALL residents, and it is a pleasure to serve our great Town. I have now completed 13 years as Town Clerk and 23 years as Tax Collector.

TRUSTEES OF TRUST FUNDS REPORT — 1982

The membership of this Board was unchanged in 1982 since Leonard F. Sanborn was reelected in March. Meetings were held monthly (usually the first Thursday evening at 7:00 at the Town Hall) and all meetings are open to the public.

A summary of trust fund accounts and a listing of new funds are given on the following pages. The full report is on file with the Selectmen and the Trustees and may be seen on request. Copies are filed also with State offices as required.

TRUST FUNDS

Cemetery and Town funds were reinvested as they matured during the year but necessarily at current rates available. Fortunately, some of the larger investments will yield about 16 percent until 1984.

CEMETERIES

For the third year, no increase is requested in the Town budget item for cemetery maintenance — $7,000. This sum supplements the earnings of perpetual care trust funds.

As provided in various wills, flowers are placed on the designated lots on Memorial Day each year.

More evergreens were planted along the front fence at Pine Grove Cemetery to complete a 3-year project.

Maintenance personnel were the same as in 1981 — George W. Leate at South Kingston and John C. Tilton, Charles W. Geary, Jr., and Mark Richards elsewhere.

REPORT OF THE NICHOLS MEMORIAL LIBRARY

It is interesting to note that the number of adult fiction books that circulated this year has increased by approximately eight hundred and fifty, yet the number of non-fiction has decreased by one hundred and fifty over last year's figures.

The library purchased a total of five hundred and seventy-five hard bound books, aproximately one hundred and fifty paperbacks, and a set of American Authors for the fiction shelf. This brings the total number of books in the adult room alone, to over nine thousand volumes.

The original carpet in the junior room was replaced after twelve years of active use. We continued to be the Bakie School library, whose teachers bring approximately two hundred and seventy children weekly to borrow books. We also serve the pre-schoolers from the kindergartens and the Kingston Children's Center, weekly story and craft hours for pre-schoolers, plus after school children who come in to borrow books or socialize. A very busy room indeed.

We want to thank the volunteers who continue to devote many hours of their time, the Friends of the Library who have given us money to purchase paperbacks, Mr. and Mrs. Bolton who gave us money to purchase a magazine display rack for the junior room and the people who donated books. Our thanks are also extended to Carolyn Christie and Marion Clark who filled the urns with greens, the Exeter Junior Women's Club who planted flowers last spring, and the Kingston Garden Club who donated the Christmas wreath.

Respectfully Submitted,
Carol Rich, Librarian

KINGSTON CONSERVATION COMMISSION

Once again the Kingston Conservation Commission carried a full schedule of events ranging from gravel pit inspections to forestry management.

All gravel pit permit applications were reviewed and the sites inspected by the Commission to ensure the proper compliance with the spirit of the gravel pit ordinance. Special attention was given to those pits on Dorre Road, where after several site inspections and meetings with the owners, agreements were reached between the Town and those owners.

Great progress has been made in developing mapping to be used with the Wetlands Conservation District, such maps to be kept at the Town Offices.

The Kingston Conservation Commission proudly hosted a regional meeting on "Clean Water for New Hampshire," organized by the New Hampshire Association of Conservation Commissions under the direction of Marjorie Swope, with Carolyn Baldwin as a guest speaker.

The year 1982 was a very productive year for the Commission in the area of forest management. Sound forest management includes surveying the land to determine the quality lumber. Thinning, pruning and replanting practices are necessary to produce quality lumber. Since several of the town forests are presently in one phase or another of the Forest Management Plan, some have been surveyed by Earl Chase, County Forester, and Kingston Conservation Commission members and a determination has been made as to which areas are ready for a selective cut and which areas are ready for thinning and/or a cordwood cut. In a third area 500 red pine trees were planted by the Kingston Conservation Commission last spring with the help of a Webelos group. A sound Forest Management Plan is an ongoing process and it is necessary for the future of good timber and natural recreation areas.

Conservation easements were inspected to determine the impact of new construction; meetings on solid waste management, erosion and sedimentation control and septage were attended by members of the Commission; a working agreement for water quality monitoring was reached with Kellogg-American; two boys were sponsored to Conservation Camp.

These were some of the highlights of the past year for the Conservation Commission.

Kingston Conservation Commission meetings are held on the first and third Wednesday of each month at 8 P.M. in the Town Hall. Meetings are open to the Public.

KINGSTON CIVIL DEFENSE AGENCY

During the past year the Kingston Civil Defense Agency was alerted to two incidents within the Town. On February 3, there was an acid vapor cloud incident at the Ottati and Goss hazardous waste site, resulting in evacuation of ten residents. On March 7 there was a railroad chemical tank car spill, later determined to be of a nonhazardous material. The agency also monitored the heavy snowstorm last April and heavy rains in June for possible emergency problems.

Within the last twelve months the Emergency Operations Procedures for all town departments were reviewed and updated. Presently I am working with the Superintendent's Office reviewing and compiling comprehensive emergency procedures for all schools within their jurisdiction. I am also working with the firm of Costello, Lomasney & deNapoli, Inc., with regard to the Seabrook power station.

I am happy to report that the Kingston Civil Defense Agency was accepted into the Emergency Management Assistance funding program whereby the Federal Government reimburses 50 percent of all qualifying Civil Defense expenses.

KINGSTON PLANNING BOARD
ANNUAL REPORT 1982

This report covers the work of the Planning Board as it was constituted prior to Town Meeting and the Board as it reorganized after Town Meeting.

The Board met regularly on the first Tuesday of each month. Additional workshop meetings were scheduled for the third Tuesday of the month. 29 meetings were held during the year.

The work of the Board centered on the development of the town's Master Plan. Every workshop session and a portion of each regular meeting was devoted to this project. The Plan, now underway for the past three years, is nearing completion. The Board anticipates working with a representative group of interested citizens during the final stage to be certain that the document is reflective of the feelings of the townspeople. The Master Plan is to be a guide for the Board in its work.

During the coming year the Board will adopt a revision of the present subdivision regulations designed to bring them into conformity with the new state laws, and procedural guidelines for subdivision within the Wetlands Conservation District.

Projected plans for the coming year include adoption of Site Plan Review regulations (for non-residential use) and re-numbering and reorganization of the existing Zoning and Building Code in conjunction with the Town Clerk, Selectmen and Board of Adjustment. Also on the agenda is the reclassification of roads for Town Map revision.

Eileen M. Nash, Chairman

KINGSTON HISTORIC DISTRICT COMMISSION 1982

As evidenced by a record sixteen meetings and sixteen applications durng 1982, the Historic District Commission has experienced a steady increase in activity since 1972.

In response to situations that might require speedy action, the Historic District Commission, as in the past, has made itself more accessible to applicants by holding special meetings in addition to the scheduled monthly meetings. These special meetings have been written into the Historic District Commission's Policies and Procedures during 1982 and may be called as long as such action does not diminish the rights of others. Also, the Commission's files have been revised and expanded during the year to insure compliance with RSA 91-A.

We are currently in the process of rewriting the Historic District Commission's Policies and Procedures in an attempt to clarify the intent and purpose of the guidelines for decisions. With the recent inclusion of the Nichols Memorial Library in the National Register of Historic Places, as well as the Josiah Bartlett House and the Church of the Plains, the significance of Kingston's Historic District becomes increasingly apparent. By periodic revision of the Policies and Procedures, the Historic District Commission hopes to keep abreast of changes that could affect the continuity of Kingston's past with its present and future.

KINGSTON RECREATION COMMISSION ANNUAL REPORT — 1982

The past year has seen some changes within the Recreation Commission, some good, some not so good.

The first changes were Pat Cline's and Julie Baldwin's deciding to continue on as members. What a blessing! These ladies have gone the extra mile for us and deserve our heartfelt praise and thanks.

David Ramsey was appointed only to resign very shortly. David is very talented and could have been quite an asset to us.

Easter marked the beginning of spring, and your Recreation Commission shifted into high gear. A party was held at Nichols Memorial Library for the youngsters that featured a puppet show written and performed by David Ramsey, topped by a visit from the Easter Bunny. A story was written and told by Julie Baldwin. All was well received by young and old.

The Recreation Commission has continued its support to the Kingston Community Theater. This small group has grown from a handful to a large gathering of very fine, talented individuals. I must point out that contrary to a popular myth, the Kingston Community Theater has made a profit every year, which is shown under receipts in the annual Town Report. Keep up the good work.

The summer program experienced one of their best years. For the first time we had a staff that had grown through the program. Our Director, Ellen Hume, started with us as a participant a few years ago, culminating in the Directorship. The whole staff consisted of Kingstonians. Even though we cut out the field trips, the program was well run and well attended by all ages from all areas of town.

The swim program was staffed by Kingstonians. The Director, Julie Richard, started out as a participant, working her way through the program, culminating with the Directorship this year. Until this year the swim program has turned a profit. Your Recreation Commission is watching this program very closely and will make any changes necessary.

Halloween saw the largest turnout ever for the parties. Providing refreshments for school parties has proven successful as it has freed up Recreation Commission members

to put more into the parties for the younger children. A different approach is being worked on for the ensuing year so it will be more enjoyable for everyone.

The Christmas season was different this year. Not only did the Recreation Commission decorate the bandstand and Town Hall but for the first time in many years held a tree lighting ceremony, with a visit from Santa. Many, many townspeople attended. A special thanks to the selectmen for their continued support. This will continue to be an annual event. Thanks to the Kingstonian and to Judy Smith for coverage and many suggestions.

Aerobics continue to be a popular function with Kingstonians, expanding to two classes on Monday and Thursday.

Your Recreation Commission is constantly striving to provide maximum recreation at the lowest possible cost.

Looking forward to "83" with an open mind.

EXETER AREA VISITING NURSE ASSOCIATION

1982 was a year of accomplishment for the EAVNA in spite of state and federal cuts.

HOME CARE. Two new services have been added to the Home Care Program; speech and occupational therapy. Persons confined to their homes are now able to receive these therapies at a more effective time rather than having to wait until they are well enough to leave their homes. The home health aide staff has been increased to meet the demands for assistance with personal care while the nursing staff has responded to a need for support and treatment to persons requiring more skilled care at home than before. This is possible through continuing education to ensure competency to meet these needs. The Agency continues to provide physical therapy to a large number of persons in the service area.

MATERNAL AND CHILD HEALTH: The enrollment in this program continues to increase as the economy declines, providing home visits and clinic services to families with pre-school children.

ADULT HEALTH SERVICE In addition to high blood pressure and blood glucose screenings, flu vaccine immunizations and tuberculosis testing, the Agency now has Foot Care Clinics.

The Agency, recognizing the necessity for qualified health personnel, provides a clinical setting to students of health care to enhance and expand their knowledge.

12,067 units of service were provided to residents of the service area between January 1, 1982 and December 31, 1982. (Individual town statistics are sent to the selectmen of each town).

Early in the new year, service will be available on a 24-hour, 7-day basis.

The Agency works closely with other health and social agencies to ensure the most comprehensive care possible to the residents of the participating towns. The Agency continues

to maintain its Medicare and Medicaid certification and is a member of the Community Health Care Association of New Hampshire and the National Association for Home Care.

The Association relies upon many valuable volunteers who work at the clinics and in the office in addition to regular staff.

Information may be obtained by calling the Exeter Area Visiting Nurse office, Monday through Friday, 8:00 A.M. to 4:00 P.M., 772-2981 or write to 26 Prospect Avenue, Exeter, NH 03833.
